YOGA & MEDITATION

Chair Yoga This is one of the gentlest forms of yoga available. Students perform postures and breathing exercises sitting (with the aid of a chair) and standing. Experience the many benefits of yoga without having to get up or down from the floor. Benefits include increased balance, strength, flexibility, range of motion, and stress reduction.

Gentle Yoga This Hatha yoga style class will include breathing techniques to reduce stress and promote relaxation, poses to promote flexibility, balance and strength and relaxation exercises to provide self-awareness. A slow flow Vinyasa style will synchronize movement with breathing. Special focus will be placed on alternate postures or positioning. **SUPPLIES REQUIRED:** Yoga mat; Optional: Yoga block; Yoga strap; cotton or wool blanket. **NOTE: No class: EDGAR 12/1**

Loving Kindness Meditation Loving Kindness is a meditation practice that provides a method for developing greater compassion in one's self and others. The practice is the softening of the mind and heart, an opening to deeper and deeper levels of the feeling of kindness, of pure compassion. Individuals looking for a new and accessible meditation practice as well as veteran meditators will benefit from this practice and discussion class. **SUPPLIES REQUIRED:** Yoga mat; Water bottle; Notebook/pen; OPTIONAL: Meditation cushion

Mindful Yoga Join Chris Tipping, Yoga Alliance teacher, for a relaxing and energizing yoga practice; This hatha yoga course starts with basic foundational poses. The pace of the class is steady but never rushed allowing students to do as much or as little as suits their needs. Alignment and modifications are emphasized. Accessible variations are provided for those who need more challenge. Seated meditation and yogic breathing are part of most classes. **SUPPLIES REQUIRED:** Yoga mat; cotton or wool blanket. Optional: yoga block; strap.

Vinyasa Flow Yoga "Vinyasa" means "breath-synchronized movement" or moving from one pose to the next on an inhale or an exhale. This class offers basic yoga postures in a flowing sequence leading into balance poses and relaxing stretches. Vinyasa has both mental and physical benefits. Physically, the flowing portion expels toxins and re-energizes the body. Mentally, the synchronized breathing relaxes the mind and helps to release any blockage of energy flow throughout the body. If you like to focus on the power of breathing and flowing movement through poses, you will enjoy Vinyasa. Prior Yoga experience is helpful but not required. **SUPPLIES REQUIRED:** Yoga mat; Optional: Yoga block; Yoga strap; blanket. **NOTE: No class: MARSHFIELD WED 11/27 (5:45pm); FRI 11/29 (9am)**

Yogatone Cathy combines the classic principles of yoga with light hand weights. The addition of weights to a yoga program has fantastic benefits for those with low bone density conditions such as osteoporosis. Weight-bearing exercises can help in growing denser and stronger bones, over time. Yoga increases flexibility and mobility of the joints. The added weights increase the resistance of the exercise to help improve muscle tone and strength. Yogatone offers the best of both exercises in one session. The outcome is great body tone, longer leaner sculpted muscles, and extra flexibility. **SUPPLIES REQUIRED:** Yoga Mat; Hand weights (your choice of weight); Water.
