COURSE DESCRIPTIONS

Gentle Yoga This Hatha yoga class will include a slow flow that connects poses with the breath, along with poses to promote flexibility, balance and strength. Special focus will be placed on connecting with yourself and your present condition, promoting self awareness. You will be encouraged to explore the idea that poses are for the body, the body is not for the pose. Modified poses will be offered. **SUPPLIES REQUIRED:** Yoga mat; Optional: Yoga block; Yoga strap; cotton or wool blanket. **NOTE: No class MFLD Monday PM 6/24; STRATFORD Wed. 7/3 & 7/24**

Vinyasa Flow Yoga "Vinyasa" means "breath-synchronized movement" or moving from one pose to the next on an inhale or an exhale. This class offers basic yoga postures in a flowing sequence leading into balance poses and relaxing stretches. Vinyasa has both mental and physical benefits. Physically, the flowing portion expels toxins and re-energizes the body. Mentally, the synchronized breathing relaxes the mind and helps to release any blockage of energy flow throughout the body. If you like to focus on the power of breathing and flowing movement through poses, you will enjoy Vinyasa. Prior Yoga experience is helpful but not required. **SUPPLIES REQUIRED:** Yoga mat; Optional: Yoga block; Yoga strap; cotton or wool blanket. **NOTE: No class MFLD Friday AM 7/5**

Yoga For Every Body Beginners to advanced Yogis welcome! This Hatha Yoga course with Cathy will include yogic breathing to reduce stress, asanas (yoga poses) to promote flexibility, balance and strength, and relaxation exercises to create an awareness and calm the mind. Special focus will be placed on alternative postures or positioning. A slow flow Vinyasa style will synchronize movement with breathing. Previous yoga experience helpful. **SUPPLIES REQUIRED:** Yoga mat; Optional: Yoga block; Yoga strap; blanket. **NOTE: No class MFLD Thursday PM 7/4**

Yogatone This class combines the classic principles of yoga with strength training (with hand weights). The addition of hand weights to a yoga program has fantastic benefits for those with low bone density conditions such as osteoporosis. Weight-bearing exercises can help in growing denser and stronger bones, over time. Yoga increases flexibility and mobility of the joints. The added weights increase the resistance of the exercise to help improve muscle tone and strength. Yogatone offers the best of both exercises in one session. The outcome is great body tone, longer leaner sculpted muscles, and extra flexibility. **SUPPLIES REQUIRED:** Yoga Mat; Hand weights (your choice of weight); Water. **NOTE: No class MFLD Tuesday PM 6/25**
